## 2. BACKGROUND AND REQUIRED SERVICES

### 2.1. Background

- 2.1.1. New Hampshire's community mental health service system is organized under the Department of Health and Human Services. The Department's Bureau of Mental Health Services, Division of Behavioral Health is the State Mental Health Authority, which ensures the provision of efficient and effective services to those individuals who have a severe mental illness (SMI) or serious emotional disturbance (SED).

The State Mental Health Authority is responsible for planning, coordinating services, contracting, regulating, and monitoring the State's system of public mental health services for individuals across the lifespan. New Hampshire statute Chapter 135-C, establishes the State mental health services system.

The Department is required by the federal Substance Abuse and Mental Health Services Administration Mental Health Block Grant to conduct an annual Consumer Satisfaction Survey. In New Hampshire the Survey is known as the Community Mental Health Consumer Survey. The survey provides data which indicates New Hampshire's progress on the implementation of the National outcome Measures (NOMs) required by SAMHSA. The MONs define the areas of, and degrees of, improvement of Community Mental Health client functioning and symptoms.

The Consumer Survey is not research, nor intended for research purposes.

The number of consumers to be surveyed will be dependent upon the number of total eligible consumers enrolled in community mental health services during July 2018 to December 2018. Therefore, the total number of required surveys to be distributed will result in a statistically valid survey. It is estimated that during July 2018 to December 2018, community mental health centers will see 12,000 adults, 6,700 youth and 2,400 children.

Detailed information about the Consumer Survey including the survey instrument and results can be found in the prior years, *New Hampshire Public Mental Health Consumer Survey Report -2017*, at:

<https://www.dhhs.nh.gov/dcbcs/bbh/documents/2017-nh-cmhc-consumer-survey-report.pdf>

- 2.1.2. The Consumer Survey is a mail, telephone and web-based survey of randomly selected consumers who receive services from the Department's contractors designated as Community Mental Health Centers located in 10 regions of New Hampshire. More information can be found at the following website:

<http://www.dhhs.nh.gov/dcbcs/bbh/centers.htm>.

- 2.1.3. The purpose of the survey is to:
- 2.1.3.1. Gather information on consumer satisfaction with Public Mental Health services and the delivery of those services to provide information necessary for the Department's monitoring of its community mental health system to inform quality improvement and its efforts to address mental health needs and services in New Hampshire;
  - 2.1.3.2. Provide the specific data that the Department is required to report to the federal government under the Mental Health Community Services Block Grant;
  - 2.1.3.3. Provide information to the Community Mental Health Centers to assist their quality improvement efforts.
- 2.1.4. The reports based on the survey data will be shared with the Community Mental Health Centers and made available to the public. Reports depict both statewide averages and Community Mental Health Center specific results.
- 2.1.5. The survey instrument is New Hampshire's version of the Mental Health Statistics Improvement Program Survey.
- 2.1.6. Previous version of the report can be viewed at:

### **3.17. Culturally and Linguistically Appropriate Standards**

- 3.17.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
- 3.17.2. DHHS requires all contractors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.
- 3.17.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
- 3.17.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically

appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.

- 3.17.5. Bidders are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 3.17.6. Successful applicants will be:
  - 3.17.6.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council;
  - 3.17.6.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 3.17.7. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
  - 3.17.7.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
  - 3.17.7.2. The frequency with which LEP individuals come in contact with the program, activity or service;
  - 3.17.7.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service;
  - 3.17.7.4. The resources available to the organization to provide language assistance.
  - 3.17.7.5. **Bidders are required to complete the TWO (2) steps listed in the Appendix C to this RFP, as part of their Proposal.** Completion of these two items is required not only because the provision of language and/or

communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Bidders' program design, which in turn, will allow Bidders to put forth the best possible Proposal.

- 3.17.8. For guidance on completing the two steps in Appendix C, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFP, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

The State of New Hampshire sample contract is attached; Bidder shall agree to contractual requirements as set forth in the Appendix B Sample Contract.

#### 8.1.2. Liquidated Damages

The State intends to negotiate with the awarded vendor to include liquidated damages in the Contract in the event any deliverables are not met.

The Department and the Contractor agree that the actual damages that the Department will sustain in the event the Vendor fails to maintain the required performance standards throughout the life of the contract will be uncertain in amount and difficult and impracticable to determine. The Contractor acknowledges and agrees that any failure to achieve required performance levels by the Contractor will more than likely substantially delay and disrupt the Department’s operations. Therefore the parties agree that liquidated

damages shall be determined as part of the contract specifications.

Assessment of liquidated damages shall be in addition to, and not in lieu of, such other remedies as may be available to the Department. Except and to the extent expressly provided herein, the Department shall be entitled to recover liquidated damages applicable to any given incident.

The Department will determine compliance and assessment of liquidated damages as often as it deems reasonable necessary to ensure required performance standards are met. Amounts due the State as liquidated damages may be deducted by the State from any fees payable to the Contractor and any amount outstanding over and above the amounts deducted from the invoice will be promptly tendered by check from the Contractor to the State.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. 6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.

  - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. **INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

## APPENDIX C

### **Addendum to Culturally and Linguistically Appropriate Services (CLAS) Section of RFP for Purpose of Documenting Title VI Compliance**

**All DHHS bidders are required to complete the following two (2) steps as part of their proposal:**

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

#### **Background:**

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure ***meaningful access*** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients ***does not diminish*** the obligation covered entities have to address those needs.

## APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as when there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

### **BIDDER STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate bidders' application of the four-factor analysis to the services they provide. At this stage, bidders are not required to submit their four-factor analysis as part of their proposal. **However, successful bidders will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFP, which is available in the Vendor/RFP Section of the DHHS website.

## APPENDIX C

### Important Items to Consider When Evaluating the Four Factors.

#### **Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.**

##### Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

#### **Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.**

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

## APPENDIX C

<b>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</b>
<ul style="list-style-type: none"><li>• The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</li><li>• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</li></ul>
<b>Factor #4 The resources available to the organization to provide effective language assistance.</b>
<ul style="list-style-type: none"><li>• A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</li><li>• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</li><li>• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</li></ul>

## APPENDIX C

### **BIDDER STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<b>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</b>		
<b>a. Do you make an effort to identify LEP persons served in your program?</b> (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No

## APPENDIX C

In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. Oral interpretation may be carried out by contracted in-person or remote interpreters, and/or bi-lingual staff. (Examples of written materials you may need to translate include vital documents such as consent forms and statements of rights.)		
<b>5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS</b>		
<b>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service?</b> (Note: A way to fulfill this requirement is to use certified interpreters only.)	Yes	No

## APPENDIX C

- 3.) Understands that, if selected, the Contractor will be required to submit a detailed description of the language assistance services it will provide to LEP persons to ensure meaningful access to programs and/or services, within 10 days of the date the contract is approved by Governor and Council.
